X marks the spot when the Verona Chanterelle Chest is introduced into a room. Made of mahogany that has been treated to a woodland-inspired chanterelle finish, it has been given a sexy touch of gold with the champagne-finished metal detailing. This is one of our pieces that proves the brilliance of our design team, as the stretchers that clasp each leg are so chicly rendered, they artfully meet at a crosshatch in the middle of the negative space. Design details include solid mahogany dovetail drawer boxes, soft-close drawer glides, two removable velvet drawer liners and adjustable glides. There are a number of pieces in several finishes in the Verona family of furnishings.
